4. FLOOD HAZARD

The Special Flood Hazard Areas (SFHA) shown herein were determined by the Professional Engineer whose stamp and signature are affixed hereto. The City of Stonecrest does not, by approving this plat, warrant their accuracy, and does not imply that land outside the areas of flood hazard shown will be free from flooding or flood damage. Further, the City of Stonecrest does not by approving this plat nor accepting the public improvements therein, assumes maintenance of the flood carrying capacity of the flood areas or watercourses. Maintenance shall remain the responsibility of the owner(s) of the land upon which they exist. The owner of a lot or parcel that contains a flood hazard area is required to submit a site plan to the City of Stonecrest prior to the initiation of any improvements to the lot or parcel. The site plan shall include the location and elevation of the SFHA within the lot or parcel and the existing and proposed improvements. Approval of the site plan by the City of Stonecrest is required prior to the issuance of a building permit.

5. DRAINAGE

The owner of record on behalf of himself (itself) and all successors in interest specifically releases the City of Stonecrest from any and all liability and responsibility for flooding or erosion from storm drains or from flooding from high water of natural creeks, river, or drainage features. A drainage easement is hereby established for the sole purpose of providing for the emergency protection of the free flow of surface waters

along all watercourses as established by city regulations. The City may conduct emergency maintenance operations within this easement where emergency conditions exist. Emergency maintenance shall be the removal of trees and other debris, excavation, filling and the like, necessary to remedy a condition, which in the judgment of staff and Director, is potentially injurious to life, property, or the public road or utility system. Such emergency maintenance conducted for the common good shall not be construed as constituting a continuing maintenance obligation on the part of the City of Stonecrest nor abrogation of the City of Stonecrest’s right to seek reimbursement for expenses from the owner(s) of the property (ies) or the lands that generated the conditions.

NOTE: Stream Buffers are to remain in a natural and undisturbed condition.

NOTE: Structures, other than approved storm structures, are not allowed in drainage easements.

6. SURVEYOR’S ACKNOWLEDGEMENT

In my opinion, this plat, drawn by me or under my supervision, was made from an actual survey, and is a correct representation of the land platted and has been prepared in conformity with the minimum standards and requirements of law.
